Exodus (3)

BANNERS

The Ark of acacia wood overlaid with gold
signifies the pneumatic Christ as the embodiment of God
and as the mingling of divinity with humanity, the building of God with man,
dwelling in our spirit for us to contact God and enjoy God.

The anointing is the moving and working
of the indwelling compound Spirit to apply all the ingredients
of the processed Triune God and His activities into our inner being
so that we may be fully mingled with Him for His corporate expression.

Christ's interceding life, His prayer life, is the center
of the divine administration and of the execution of His government on earth;
the executing of God's administration is motivated
by the prayers offered to Him from the incense altar.

When we are one with the Lord at the incense altar,
interceding for the Lord's interests and
praying for the formation of an army to fight for God's move on earth,
our prayer is a fragrant incense to God.
